Call for Posters
for students participating in the HCAIM programme in Budapest, Dublin, Naples or Utrecht
Deadline for posters: Friday, June 16, 2023

Version June 9, 2023

On 28 June 2023, the Faculty of Electrical Engineering and Informatics, Budapest University of Technology and Economics (BME) organises an international conference in English entitled ***Human-Centred Regulated Artificial Intelligence*** (HCRAI). Speakers will present the draft ***EU AI Act,*** its objectives, structure, interpretation, available information resources and educational elements, and the practical actions required for AI industry stakeholders.

The Human-Centred AI MSc (HCAIM) programme (which you are familiar with) will also be introduced. Post-presentation discussions, interactive tools and student posters (both available on a continuous basis during the conference), and the round table discussion at the end of the event will provide a forum for participants to discuss current issues related to the new EU AI Act, which is soon to be adopted.

Website of the HCRAI conference: https://hcaim.bme.hu/hcrai.

During the conference, as shortly mentioned above, we will also organise a ***poster exhibition for HCAIM students,*** who have finished or are working on their diploma thesis or project exercise. We ***encourage all HCAIM students to share their results*** with those who are interested in our conference.

We ask everybody planning to prepare a poster to ***send an email of intent with the title/topic of their poster by June 13, 2023 to: hcaim@eit.bme.hu.*** If you have any questions, send us an email to the above address. More info:
